Norcom Technology is celebrating 25 years of providing systems to companies working in the Oil and Gas Industry and will be celebrating this achievement at Oceanology International 2012.

Over the years Norcom has been involved in projects such as positioning the Second Severn River Crossing, laying subsea telephone cables, installing offshore wind farms, moving oil rigs, laying pipelines, Hydrographic surveys and controlling remote operated vehicles (ROVs).

Please come and join the celebration on our stand.
